Important information for students requesting a rule waiver

Use of this form
This form should only be used by domestic and international students wishing to request a rule waiver. Information relating to unit rules and restrictions can be found on the web: http://www.uws.edu.au/students/stuadmin/enrolments/enrolmentrequirements

These rule waivers include:

Adding a unit not on your home campus
If you want to enrol in a unit that is taught on a different campus to your home campus, you need to submit your request on this form with the Head of Program approval.

Adding a unit after the end of week two (2) of the teaching session
Students may add up to the final day of the second week of the teaching session without the approval of the Head of Program. However, units added after this time, and up to the census date, must be submitted on this form with the Head of Program approval.

Enrolling in more than 40 credit points in the teaching session
If you want to enrol in more than 40 credit points in a teaching session, you must obtain approval from the Head of Program.

Requesting the lifting of a pre or co-requisite unit, or an incompatible unit restriction for a unit you want to enrol in
If you feel that the pre-requisite, co-requisite, or incompatible unit rules restricting your enrolment in a unit should not apply to you, then you need to apply for approval for these rules to be lifted using this form.

What is a pre-requisite?
For some units, you are only permitted to enrol once you have completed foundation level units. This is so that you have the required knowledge to complete the unit. This is called a pre-requisite.

What is a co-requisite?
For some units, you are only permitted to enrol if you are also concurrently studying other foundation level units. This is so that you have the required knowledge to complete the unit. This is called a co-requisite.

Pre and Co-requisites are listed in the handbook on the web: http://handbook.uws.edu.au/hbook/

What is an incompatible unit?
An incompatible unit rule occurs if a student is enrolling in a unit that has substantial curriculum overlap with another unit previously completed (or currently enrolled). The purpose of this rule is to ensure that two units with overlapping curriculum cannot both be counted towards the total credit points for completion of the award.

Lodging this form
You may lodge this form at any Student Centre. You must obtain the appropriate approvals prior to lodgement. Unsigned forms will not be accepted.
