

IT Strategic Planning Project

Purpose

The purpose of this project is to develop a strategic plan for Information Technology at UWS for the period 2008-2012. The plan will be developed in consultation with stakeholders through a number of reference groups, forums and feedback mechanisms to help identify key priority areas for development and funding. It will establish a process that will facilitate a regular review of strategies and priorities to ensure the plan remains relevant.

Project Governance

Project Steering Committee

- Chief Financial Officer (Chair)
- Pro-Vice-Chancellor Learning and Teaching
- Pro-Vice-Chancellor Research
- Pro-Vice-Chancellor Planning and Quality
- General Staff Member of the IT Strategy Committee
- Academic Staff Member of the IT Strategy Committee
- Director, IT.

Project Sponsor

- Chief Financial Officer, reporting to the UWS IT Strategy Committee.

Process and Milestones

The initial scope for this project has been endorsed by the IT Strategy Committee, a Project Manager was appointed in May 2007 and the planning process has been initiated. The project will complete in December 2007.

Members of the UWS Community will be invited to participate to inform the project of current information technology issues, needs and desirable futures.

Reference Groups will be formed to focus on the role of Information Technology in:

- Teaching and Learning
- Research
- Administrative Support Systems
- Community Engagement
- Information Technology Services for students
- Information Technology Services for IT staff.
