Assistant Development Manager/Engineer
Bingara Gorge, Southwest NSW

You could be part of an innovative, exciting premier lifestyle development. Bingara Gorge is a new project located an hour south-west of the Sydney CBD and 20 minutes from Wollongong. A proposed 18 hole golf course, a range of pioneering and quality housing options, community, retail and education facilities and recreation spaces are all underway. As one of the first true lifestyle communities in the region, Bingara Gorge will ultimately become a special place to live and enjoy for around 3,500 people.

We’re looking for an Assistant Development Manager/Engineer to join the Bingara Gorge team. Amongst the array of day-to-day tasks this diverse role covers:

- Civil and landscape contracts and administration
- EH&S monitoring
- Costs management & forecasting
- Internal reporting and assisting relationships with consultants and authorities
- Security (fencing, security guards)
- Landscape & facilities maintenance and site presentation
- Resident issues & requests

You will have 2-5 years construction development experience, and previous experience in civil and landscape delivery. You’ll also have an understanding of sub-division and project management.

Strong interpersonal skills and independent and confident ability are required in order to deal with both clients and contractors.

This is an exciting opportunity to work and learn in a multi-disciplined environment. The Bingara Gorge team are all site based giving you exposure to a broad range of disciplines and a great insight into the development world.

At Lend Lease we support your innovation and project management capabilities which will ensure your success in the role.
